A Word from the Chairman...

As Christmas draws nearer we are again assisting with the White Lights decorations. After decorating the Museum entrance we will be decorating the Bandstand area. Anyone wishing to help with this task please contact Michael at 624-9293.

It is also time for our annual Friends of the Museum campaign. The Founders Society depends on this campaign to supplement our other annual fundraisers. Donations are used to maintain the museum and construct new displays. We hope to complete the Foreign Protestant display this winter. Tax receipts are available.

In closing, your Society thanks you and the many citizens who contributed time, energy, and resources to the area's 250th anniversary celebrations, and the other activities of the Founders Society.

Happy Holidays
Michael O'Connor, chair

Summer Season Successful

This year we welcomed many visitors through our new front entrance. Many positive comments on this new addition were received.

The new display about the Foreign Protestants and the settling of the area will be a great asset to the museum. The first half is completed; the remainder will be under construction this winter. It will consist of a series of display cases for related documents, including the "Zwicker Bible".
