The Mahone Bay Founders Society is dedicated to the stewardship of our local heritage and operates the Mahone Bay Settlers Museum, a vibrant community-based organization serving and engaging residents and visitors through the preservation and celebration of our history and culture.

We welcome Hannah Cody — our new Museum Manager

We bring Hannah Cody to our museum, a graduate of Bishop's University in English Literature and French Language Studies as well as Sir Sandford Fleming College Museum Management and Curatorship programme. Among her many accomplishments are writing and publishing an oral history book for a community museum, assisting with artifact digitization, educational programs and special events coordination. Hannah has organized very successful fundraisers for her community.

Hannah enjoys museum work because it gives her the opportunity to meet new people, indulges her passion for history and because there is always something to be done! Many of her summers have been spent on the South Shore. Hannah looks forward to her new position as Manager, meeting the many friends of the Museum, and getting to know the greater community.

Please drop by the Museum to welcome Hannah and our summer staff!
